Dear Jeffrey,

We are our own best advocates, as the saying goes♦=80♦

However, I suggest next time you want to speak with the owner, we have a quick word about it first. The owner appreciates the way our communication is organized=and would like to keep it that way. Especially as long as there is no new infor=ation/offer to be released.

Rest assured that I want to =lose that deal as much as you do and I will assist both parties in that respect.

Best
