Training for a modeling job is not work but leads to work. I'm focusing in getting my body in shape in order to have more modeling opportunities. = got a personal trainer and I'm super motivated about this, I've already lost 3 kilos in 10days. I will send you a picture in the next 10 days to see the evolution. I'm also calculating every meal I take. I've stopped eating at night and cut my social life. The reason I'm doing this is because the paycheck of a modeling job is much more rewarding than babysitting. Last week I've earned 2k in one day while with babysitting I just earn 80euros...
