> He stated that he was willing to approve one of the two moorings that LSJ has applied for and was prepared to make that mooring a Multi Boat Mooring. This would allow Mooring of any of the LSJ's boats, at one time. He then asked how many boats LSJ would be mooring, I replied 5, I did not include Midnight Express or Big N. I also confirmed that the largest vessel was 55ft in length, (Lady K) He also asked for the distance from the dock to the mooring= I was unable to provide this information, as it was not forward to me once the amended application was filed. I asked him if he wished to e mail me has questions I would be able to provide accurate responses.

>

> Speaking with Officer Tapia today, he indicated that if LSJ wish to Moor Multiple boats, each boat would require a sticker. I asked, would that change the Application, i.e number of boats been moored, have any effect on the application, he replied no, but each boat would require a sticker and was prepared to work with us to have this matter resolved as soon as possible.
