**Subject:** B727 Mx july

Jeffrey

I met with Morrison today, we discussed the upcoming B727 Mx visit,.  
its our Heavy C check for July 1st,.  
which includeds 2c 3c 4c and Aux tank removal 2c 1200 man hours  
3c1800 man hours  
4c 2500 man hours  
tank removal 1800 man hour  
total 8900 man hours x Shop rate Stambaugh \$50.00 to \$100 Associated which is the best.  
 $\$50 \times 8900 = \$445,000$  plus 1.75 for repair items found = \$778,750  
 $\$100 \times 100 = \$890,000$  plus 1.75 for repair items found = \$1,557,500

this Mx event could hit \$2M if major corrosion is found,.

thx  
Larry
