Subject: Trip to NYC in mid-May

Hello =effrey,

I =ave a tentative plan to stop by NYC on my way back from Penn State (in =he middle of truly nowhere) where I'm giving a talk Friday 12 =ay. I've heard so much about your place in Manhattan, =ears ago from my friend (and yours) Steve Kosslyn, and more recently, =f course, from Martin. Any chance that you'll be around =onday 15 May or Tuesday and free to provide a guided tour? On =ednesday I'll be meeting a friend who is returning from Paris =ia NYC, and she and I plan to see a jazz guy we both like a lot, and of =ourse if you'd like to join, you're invited.

Hope that something can =ork out, either this time or some other.

Best, Don
