I will be out of the office Tuesday March 14 and Friday March 17-Monday March 20.

During this time for any urgent matter please contact my office. My staff will be here Friday--though not sure Tuesday with the storm. After hours and on the weekend you will be connected through the office number to the doctor on call.

I may not get to emails when not here so please do not leave anything requiring urgent attention here.
If you have an emergency dial 911.
