Subject:	Just a heads up

Ada has been working with US Trust to get the estate flow chart done. It se=ms, though, she was the brains of the operation over there and the success=r team's work product has not been acceptable. When she did the original p=ckage for us she had customized parts of it. Also, when I supplied values,=the note reflected the discounted value of the purchase, but the asset Leo= then owned did not and ditto for the trusts assets. We, therefore, had to=supply corrected input. In summary, just want to give you a heads up that =his is a top priority here but will take a bit longer to deliver. = This email and any files transmitted with it are confidential and intended solely for the person or entity to whom they are addressed and may contain confidential and/or privileged =material.
