Big N is safe 😊

<=r>  
I went down to Crown Bay to handle all the paper work and to make sure that it's in a secured spot. Our guys will head down first thing in=the morning to add more straps and ropes to secure Big N as much as possibl=

Gene was insisting that Big N needed to leave today so they could s=cure Subbase Dry Dock.

Big N is at Subbase Dry Dock at the moment.

<=iv id="AppleMailSignature">

Gene i= putting her back into the water this afternoon. It will go to Crown Bay to=orrow night or Tuesday morning and our guys will get it strapped and tied p=operly.

I'll forward photos once Big N is secured.

Gene said t=is morning that it can't stay during the storm even though he personally to=d Daphne and my self on Friday that it could. Gene said Hurricane Irma migh= be to severe for SBDD to hold Big N so for safety reasons it won't be able=to stay.

Good Day Ann,

I have attached our Hurricane evacuation protocol. This has all the information needed for staying in the marina during a storm. From the nights that are not occurred during the storm the charge will be \$2.00 per foot per night.

70 x \$2.00 = \$140.00 per night. If you have any other questions or concerns please feel free to give us a call.

Thank you,

Liza

Hey Bossman,

I've been speaking with Liza from Crown Bay Marina (across from SBDD) to see if they can fit us into their storage area. Liza is working on it and should have more info on storage for in about an hour

Our only other option is for Carlos to take it to Virgin Gorda this afternoon but I don't think the Barge is capable of that run due to bad weather, worn seals on steering shaft, water going into the engine room and Hydraulic fluid leaking. The cut off date to deliver Big N to V= Dry Dock is Monday morning.

awaiting storage quote from Crown Bay Marina. I'll keep everyone posted... =/span>
