Subject: Different aft seat styling idea

Hi Jeffrey,

Eric and I just reviewed the seat in great detail. We recognize that you would like make the two (2) aft seats different than the forward.

We feel it would provide a greater visual impact by adding a subtle detail to the dress cover as opposed to making a slightly wider seat.

Our recommendation would be to keep the width the same on all (similar to your GIV-SP) and add a stitch detail to the center back and bottom of two (2) aft seats only.

See below.
