Hey Friend

Caroline told me you are in Paris

I talked to Jack and M, and Jack personally insisted that you would come=for his birthday.

Jack's very private, it's the inner circle only, and it means a lot to h=m. He does not extend this kind of invitation unless he really means it.&n=sp;

I know you are busy, and maybe you need to fly somewhere else, but if yo= are in Paris, please try to join us, it will make him happy.

xoxo
