I spoke to Larry regarding the control=er location.

Sample fabric will be delivered to you=tomorrow via fed ex (below tracking #).

You forgot to tell me about a mid-cabi= curtain (removable) for certain flights.

Tray carrier – should be made as=two stackable units – easy to carry up and down the airstair without=damaging something.

Should probably make four (4) total &#=211; 2 to keep in the house and 2 on board aircraft and rotate them accord=ngly.

Think about setting the aircraft down =ne time – it's a wiser decision.

Best Regards,

Eric
