For close to two decades now, the Maya Angelou Schools and See Forever Foundation has been successful in educating and uplifting young people who have not had success in a traditional school environment. And we don't just stop at high school. We help our scholars pursue post secondary education and careers.

We are so proud to announce the success of four seniors who have already received college acceptances from Toledo University, Montgomery College, Claflin University, and Johnson and Wales University.

Last year, thirty of our high school graduates were accepted to colleges locally and across the country, 26 of whom received a \$50,000 Achievers Scholarship. Collectively, our students received a whopping \$1.3 million in scholarship funding.

We are deeply aware that this success and growth could not have happened without all those in our Maya Community, including you.

As always, and especially during this holiday season, we appreciate your support in helping us realize our vision. We hope you will continue giving our students the means to success by considering a end-of-year donation
