Dear [REDACTED]

How is you= Boss Jeffrey evaluating our TSH1 efficacy? TSH1 efficacy is dependent =n the decomposition of homocysteic acid in blood. But how can TSH1 decompo=e homocysteic acid in blood? This is a key point. But I can't open=the component of TSH1 to show the key point at present. When we make a con=ract, then I am happy to open it.

=u>

Sincerely yours</=>

Tohru
