For the immediate future, your account will remain online in the same fo=mat with the same service you have grown to expect. In the coming months=2C we will develop a transition plan and communicate to you further plans=and packages as those options begin to take shape. We believe this acquis=tion will allow us to provide you with better solutions to deliver and ex=erience quality healthcare.

I would like to thank you for your business so far, and look forward to=serving you as a part of Citrix. Please feel free to reach out to me dire=tly if you have questions or concerns.
