Subject: estimate Paris

Dear =effrey

Would you please find herewith an =stimation for the work and the new furniture

In fact the total is higher than =hat I thought,when it's written "estimation" it =eally means it needs to be designed first of =ourse.

As =e will change the fabric for the 2 sofas in the main living room,we =ould choose a yellow one and keep the existing =ug.

Call me if you need information,we have to show you a =ample of carpet for your bedroom ,and the sample of =#8220;chenille" for the 2 sofas

Our conversation was a pleasure the =ther day.

With my best regards

jean
