Thanks a lot Jeffrey !!

I need to double-check with the other Humanity+ folks that they are OK
with being used as a pass-through.   I am 95% sure they will be OK
with it though, as it was always fine with them in the past...

When you have time and interest perhaps we could chat further on the phone sometime about the AGI/robotics work....
I very, very much appreciate this $30K -- but of course it would be even better to have the work further accelerated ;)

I'll email you shortly with a summary of my visit with Kurzweil @ Google, which was very interesting and somewhat
promising...
