**Subject:** Re:

Yea It's real bad,

I thought about starting a company that would allow employees to immediately get cash after they filed their taxes and when the government actually sends out their tax return check it would be owed to my company with interest, but the government lags severely on issuing checks in a timely fashion, which would create a cash flow issue for me

"Make it so that even the capital you'll spend in the future, is working extremely hard for you today"
