look at some of the early work on cybernetics &=bsp; i think you will see many simlaritties. =nbsp; the liver cell can tell itself a story in its own liver langua=e. . yes im doing a great job, cleaning up the toxins.&n=sp; etc. im surrounded by friends. it is aware . of its surroundings. the mechannism that k=eps it in temp equilibrium is its consious. regulator or mecha=ism for self. . all else is its way of dealing wit= the world. . i promise the math looks right= it is the difference between numbers and observations.
