Dear Friends & Neighbors,

In Miami Beach, only 3% of FPL's customers are still without power. For those of you unfortunately still without power, we understand your frustration. The city is working closely with FPL to get these final properties power restored.

FPL is projecting that power will be almost fully restored by Monday. However, there may still be some isolated outages that will require additional work. FPL is reporting that there are a number of properties that are not able to take electrical service because of damage to their property's meter can or weather head. You may need to contact a licensed electrical contractor to perform repairs.

FPL has the following tips for customers still without power

<http://r20.rs6.net/n.jsp?f=001R0F8II4XhYhHitfOag18C4GmgwF4oXwxELZ5RiHhAYUVFfrFft5Xdy-CQkQMj=7RckduMbrHuioqPj6G2G-7uTyWQdOj7w06UTumV7rpah4xeOWA4E0LipuMji4LTJVR_luOj-sk=05WChmjC50-Vt41gUA-r_aBg8YCxBYq3gsoAiFo4hPndnA18pz0mKBC&c=RsqrTagc2mqgGz=tFK3ZDy-DploD0D2xq-RdzTDJpgfMZwBmGuTA_g==&ch=YkBaB6n42I010eUtnZo0563=OfTCacOptrxylut3bEEIvmOj4iXFrA==> :

1. If your electric service is through overhead lines, look at your meter, the box that holds it and connected pipes and wires on the wall of your home or building. If the meter box, pipe or wires are bent or broken, repairs may be needed before FPL can restore power. If it looks damaged, don't touch it. If you have any doubts, contact a licensed electrician. If the meter itself is damaged, FPL will take care of that.

2. If you have underground service, look at your meter, the b=x that holds it and the pipe going down into the ground. Again, if the met=r box or pipe is bent or broken, repairs may be needed before FPL can rest=re power. If it looks damaged, don't =ouch it. If you have any doubts, contact a licensed electrician.

3. Please =eport your outage on FPL.com

If your ticket status=is showing complete, but you are still without power, your issue may=be more localized and require specialized attention. <=r />
