**Subject:** Dr. Josephson requesting CT Scans

Dr. Josephson would like you to have CT Scans of your sinuses, neck and thyroid at Lenox Hill Radiology. He would like you to do this when you are back in NY in 2 weeks. Immediately afterwards, he wants you to go see him. He says the scans will take about 2 hours. OK to schedule these scans and appt w/Dr. Josephson for Sept 15?

(FYI- Dr. Josephson says these CT scans are separate from the sonograms that Dr. Orsher is having you do this Friday)
