Subject: Re:

So far so good, but how would I really know. Last time I thought everything went well until she returned to Vista & I heard otherwise & she was stripped of her privileges & back to level 1 or 0. I'm always holding my breath now bec I can't trust her. I now have gotten to the point where I can't believe what she says. It's a very sad and painful situation to be in. This is a protective mechanism so it's less painful when the other shoe drops & she's disappointed me once again bec believe me the other shoe always drops & with a big thud!!! Very nice & sweet of u 2 check in. It's kind of ironic that I'm telling you this stuff when I haven't told some of my other friends that I've known for much longer. In fact, I've had to distance myself from some of my friends so they don't ask a bunch of personal and painful questions I don't want to answer. Who would've thought that I would be confiding in you. I must be desperate :-). Life is very strange & very different from what you would expect. This is exactly why I haven't been able to gain back the 10 pounds.
