Hello,

Will here, CEO/Founder, with an exciting announcement that I'm very happy to share!

Over the last few months we have been working on getting Focus@Will on the Sonos platform.

And I'm really happy to announce it is now available...

And it rocks!

We're excited to be in partnership with a leading company that has revolutionized the way we listen to music on home wireless devices. Personally, I have been a huge fan of theirs since 2003, and we have about a dozen or more of these units around the office and in my home.

You can now find Focus@Will on Sonos and hear our tracks in HiFi HD technology...

Focusing has never been easier! Just add Focus@Will as a service and login with your usual username/password!

If you're unfamiliar with Sonos, you can check out our 3 favorite products:
