Greetings,

Jimmy Fraguela called today regarding a site visit for the engineer and electrician working on the LSJ to GSJ Electrical Connection project. Jimmy had mentioned to me briefly yesterday that a site visit would be needed.

Jimmy is going to coordinate with the key people and arrange the site visit for this upcoming week. He will contact me or Ana or Michael to for a time, transportation, etc. Once I have more details I will pass them on to everyone.

Additionally, Jimmy is currently working on numbers for JE to bid on the LSJ Mechanical/RO Building Sheds project, and the Chillax office Wall project. Those bids he plans to submit for JE review and comments soon.

In regards of the GSJ projects, Jimmy will need more detailed drawings, and the quoted core sampling for the Swimming Pool project before finalizing bids. Jimmy already submitted a "ballpark" price for the Swimming Pool project to JE, as he was requested.

Right now he is focusing =n the LSJ projects.
