Jeffrey,

This study allow us to work more in detail. With it I can see =ith your comments how I have to rethink some space...

Regarding the height of =he theater, please find attached a cross section. The theater can be =igher easily.

Gym can be easily at a different place.

Same for the dimension =f the pool...

I let you make all your comments and we can talk about the modifications you would like for this project.

thanks . some =irst comments . how high is the theatre, = reminder it is only for me , so I think =eeing the gym as the main floor upon arrival needs to be =ethought. it looks a bit like a health =ub. . please never two toilets in one room. =o need . plenty of space. office looks =reat. . pools look thin for landscape. and =cale. . i need to see placement . so that it deonst =ook lke a house without regard to the rest of the landscape in that =uadrant. .
