Jeffrey,

Yes, we noticed dur=ng odyssey set up last night the McIntosh offers Front high left and right e=fect speakers,, It appears the Paris speakers provide great tweet=r effect., plus durability for corrosion being an outdoor sealed speaker., c=rrently I'm using one Each1000w BelCanto amp to run each of the fron= Kilpch Speakers., and I piggy back the Paris speakers to run 4ohm instead o= 8ohm., I'll need two more BelCanto amps to run L/H and R/H high speakers.,=we can use 500w BelCanto amps for these if you like \$1,795 each instead of t=e 1000w for \$2695 as I'm using for all front speakers.

=/div>

I'm using 500w each BelCanto amps for mid and rear surround speak=rs respectively.

I could use the old Sunfire amps we currently ha=e, but prefer to keep all amps the same,, I think BelCanto was a great choi=e for clear sounding amps., if you agree?

Do you a=prove Two more 500w BelCanto amps?

I'll chec= on new line of Klipch speakers as you mentioned.,

I think we made a great improvement all around,. A durable projector,=Mcintosh receiver and IMAX BelCanto amps were all a great match .,

thanks for projector. a few comm=nts. epson manual says, firmware update needed. lets try&=bsp; day of the 8th. ( too good currently to have it screw up ). = it says projector has three modes full light. dynamic ci=ema? not sure how to adjust

macintosh is great. it sa=s it has a built in equilizer. as well as a rear high and a front high spea=er , I ve never seen before. lets play . same day
