Ref Gary G=

just hung up...they canno= take the Boeing due to age.

=div class="gmail_default">They reiterated that we are not to tell the world the 11.5 price a= that is not the ask price. They suggested that I messed up by sharing the 1=.5 "take" price with JE because it ruined our ability to accept the trade-i= at a higher allowance and then wholesale it out.

The only wholesale bid I ever received was 1=0 million and I am not sure if that would still be valid.
