Subject: Special Live Finders Course Inspired Group Meditation - Tonight Only!

Hi Jeffrey!

I am writing you about something truly exciting, and to invite you into an event I am hosting tonight on a friend of mine's online meditation platform called The Amplifield.

The event will begin with a deep-dive into the years of research and experimentation we've done that resulted in the creation of The Finder's Course.

After that, and most importantly, we'll practice together in a really unique way, all at the same moment using this unique platform for synchronized meditation.

I encourage you to tune into what is going to be a powerful community experience:

It all starts precisely 6pm PST / 9pm EST.

One of the coolest things about this event is the fact that it is hosted on a platform dedicated to up-leveling the consciousness of our digital world by broadcasting a continuous stream of loving and mindful events. The Amplifield offers a truly unique kind of connectivity, and I really can't wait to experience this with you tonight:
