Subject: Experience Health Nucleus

Hi Jeffrey,

I wanted to thank you for your interest in experiencing the Health Nucleus. The Health Nucleus is a unique clinical research platform intended to gather and present the most comprehensive set of clinical and genetic information that can be known about you – all of which is distilled into a personalized health risk assessment that can serve as the basis for a predictive and preventive health program.

If you have additional questions about the Health Nucleus experience, here is a link <<http://go.humanlongevity.com/e/153921/hninterest/7c1yj/=94035301>> to schedule a consultation call. In the meantime, here is a short video <<http://go.humanlongevity.com/e/153921/nter=cheat-death--377767e16456/7c1yl/294035301>> that may add some additional color. I look forward to connecting!

All the best,
Anthony
