To whom it may concern:

Eduardo Urra began working for my husband and me in 1996 as an assistant to our British butler and rose to House Manager within two years. Shortly thereafter, he began managing all our seasonal residences in four states. Eduardo's duties were myriad and all-encompassing as he made our transitions and stays as seamless as humanly possible. His attention to detail was unparalleled, down to the flower arrangements, room décor and warm fires in the fireplace - and he has been loved by family and guests alike.

Eduardo will surely be an invaluable asset to any employer and I wholeheartedly recommend him for any endeavor he should decide to pursue.

Very Truly Yours,

Geryl T. Pearl
