Subject: Re: Emergency situation and question

Hi Jeffrey,
Thanks for taking my call request earlier today (your time). This is the event that we were planning in Shanghai: <http://consciousness.arizona.edu>. It should sort out in the next 24 hours or so (happy to provide you with the details in = call). But my partner in Shanghai who put up the resources, etc. is considering other options which is why I reached out to you. =nbsp;

Thanks again!!

gino

Hi Jeffrey,

I have an emergency situation and question. I would like to ask you via Skype and, if there is a solution, will fly to see you in NYC. Do you have any time slots today for a quick Skype conversation?

gino
