Al estimate of 2000 (16 hours at 125) is for av systems install, termination, integration, and programming. Please advise.  
Thank you.

Merwin is unsure of projector wiring and Al says he will not be responsible as it can be a lot of work  
I will have Al come Thursday to do install and if wires need to be changed I will have merwin involved so Al does  
not charge us..  
please confirm if ok  
thank you

Hi Rich,  
Not sure who is our a/v guy before Al and Zinon. HDMI is not compatible with 4K. But, there is a wide open  
ceiling to fish wires from projector to receiver.

Hello Sir,

There's lots of emails going around — some with incorrect information — so I thought it'd be good to recap the status of each house.

I'd suggest sending an Apple TV 4K down to Palm Beach to replace their existing Apple TV and seeing if it works as expected.

If it does, consider the Marantz SR7009
