Subject: Carpet

Good morning:

1. The carpet that we installed this year has been discontinued- it's no lon=er made.
2. The gray carpet the Floor Factory has in stock is not enough to do the wh=le office but they have enough to do two different shades. If we choose th=s, they can install right away.
3. They can order any other carpet and it will take two weeks to get here an= about two weeks to clear based on what is happening at the port right now.= 4. Home Depot does not have installers.
5. There is s serious mold problem in the walls, ceiling and floor in the ba=k of the office (kitchen, bathroom, part of the hall, my office and Jeanne'= office). Daphne is getting Beth from IYG to look at the issue since the m=isture is from a compromised roof over the kitchen and my office.

We can choose another gray carpet and order it and while it is being shipped= we can get the mold issue resolved.

Please let me know if you would like to have samples at the office to look a= when you get there.

With warm regards,

Cecile
