Jeffrey --

We have a real opportunity in 2018.

Recent polling showed what many of us are feeling on the ground: Floridians want change in Tallahassee. In fact, when given the choice between a generic Republican or Democrat, Florida voters give the Democrat a six point advantage.

But we don't need a generic Democrat. We need Philip Levine. **<=strong>**

Philip is different. As he likes to say, "Don't tell me what you're gonna do in the future; show me what you've already done!"

When he talks about fighting climate change and sea level rise, just look at the streets of Miami Beach, where proactive leadership on flood pumps are helping to keep city streets dry.

When he discusses the need to raise the minimum wage, he's speaking from the experience of a leader who successfully passed a living wage ordinance in one of the largest cities in Florida.

And when he passionately fights for LGBTQ equality, take a look at the Human Rights Campaign's 2018 Municipal Equality Index, where Miami Beach has earned a PERFECT SCORE for every year under Philip's leadership as Mayor.

Philip has the progressive vision our state needs, but he needs your help.

Can I count on you to chip in \$25 today?

We have a tough road ahead, and the Republicans are raising millions every month to stop us from turning Florida blue.

We need your help. **<=strong>**Please support Philip's campaign today.
