Thank you for taking the time to think about it...

I will not promise you anything but will let the actions speak by themselves. I would like to make you happy without causing you distress. If you ever decide to give me another chance, I will do my best not to let you down anymore not only for you but also to prove to myself that I can make it. It took time but finally I've understood that no one else is going to do it for me if I don't. After repeated mistakes and falling, I'm learning to see life with a different point of view shaped with discipline, learning, hard work and gratitude in order to achieve my goals and grow to become a better version of myself. I've been giving it a lot of thoughts and understood what life is really about. Nothing can be achieved without discipline and hardwork. I believe I'm ready to bring out the best in me in order to achieve concrete results by making a positive and meaningful change to my everyday life and apply your guidance with a serious and mature approach. I apologize one more time for my mistakes and misbehavior hoping I can move forward and never let it happen again.

If I am being selfish right now it's because I'm in a difficult situation, want to prove you that I can make it and that I can keep my word. If you tell me what you would like or need, I'll do it, even after you told me you never loved me... Because I did.

True. I have no excuses. The only thing I can tell you is that I'm trying to do better by learning from my mistakes in order to not repeat them: I've wasted my time by going to parties instead of being serious. Everything was confused in my mind and I didn't really know what path to take, it's very easy to get lost when you are young, specially into fake illusions. Still now, I'm trying to understand myself and who I am. I believe it takes time and it's different from person to person. Now little by little I've started to focus more. I'm starting to understand real life, what are my priorities and things that really matter. Here are some actual facts: I've started to earn some money ( which I have never done before ) which I believe it's already a small accomplishment. I did some babysitting and after 2 paid trial days ( 250 euros per day ) shooting for Vogue and Dior, I've got hired by one of the best fashion photographers called [REDACTED] to be his assistant ( paid job ). I'm very happy and excited to work and learn from him which is better than any photography school. I'm ready to work as long as I need to in order to build my skills and stand out in that field. I think I've achieved some results and gained some value if I compare myself 2 years ago from now. Thanks to you I had the possibility to make many interesting experiences like [REDACTED] in China and [REDACTED] in Paris. Even though I didn't get hired from them, those experiences allowed me to understand what I like and what I don't like and shaped in part the person I am. Thanks to the [REDACTED] internship and my passion for photography I am now working with [REDACTED] doing what I really like. However even though I work hard and I am paid I cannot fully support myself to pay a rent and my living in Paris. I really would like to continue through this path, I feel it's the right one but I need your help, your support and your advices because I cannot make it by myself.

I promise I will use my money wisely without throwing it away into futilities like parties and holidays because I want to grow and build my skills, my career and hopefully my future self.
