Jeffrey Epstein

Perhaps Karyna misunderstood, I drank some watery juice th=t must have been spiked on Friday night. I had nothing to drink as I rarel= do and especially didn't want to as I haven't been having the eas=est time. Within about 20 minutes I started feeling completely lightheaded=and then couldn't walk. there were medics on site and luckily within a=couple of hours and forcing it out of my stomach I was fine. Thank you
