Jeffrey,

I believe we should make the R/H =aft of your seat) baggage trunk tray 18" wide – NOT =0" wide. I like the idea of whatever sits in this to be =utboard of the arm rest so you visually "find it" when you enter the =abin as opposed to it "visually competing" against your =et.

It will be 32 long and centered on =he window in that area and leave approximately 10" or so of =pace between the tray and the divan arm rest.

Do we have your blessings?
