Hello Danny,

Yes, I talked to The company(Blue =ater) and they have sent a brand new membrane under Warrantly. They said th=y had a few membranes that were made short and when I gave them the serial=number from that membrane that said it was one of them. I will be over wit= the new one next week to install. When is a good time for you?

Regards,
David Van Drieson

hi dave danny from lsj I had to replace O ring aga=n have u gotten any feed back from factory ??
the amount of wat=r that is being used now I can't afford for this not working 100%&nb=p;
I know when it was sized it was not going to work so hard bu= things change it's been
about 10 times that o ring has been re=lace
chriss is killing me when it appears that it it's running because=he's looking at brine discharge but no water for his plants
anyway l=hope u got fix
thanks danny
