**Subject:** material pricing

current prices for material for concrete sand 77.50 per ton stone 47.50 per ton

average weight of material per yard 3300 an average mix would be 1300lbs sand &nbsp; 51 dollars  
1600lbs stone 38 dollars

400lbs cement 31 dollars

making our own 120 dollars per=yard for material plus the convinces of not being held hostage to heavy materials  
<=div> as of today we pay the= 240 dollars a yard
