Anna - Good morning 😊

Your thoughts - Would yo= consider talking to JE about bringing us back and sitting down with all of=us as a team and going over with us responsible and breaking things down wi=h are strengths and weaknesses so we work better together and we are not co=peting with each other.

There is so much work for the mana=ers to do and if we can break it down and understands each other's ro=es and work close together as a team to make it work.

We a=so are short handed in the landscapng and house keeping departments the em=loyees are getting tired. [REDACTED] and I feel after 7 weeks of o= island and only 2 visits from JE is not long enough time to work out all t=e kinks.

We feel bad and we know how hard you work. Would y=u be willing to try to talk with JE. and if not we understand.=br>

Thanks

Michael & [REDACTED]
