Dear =effrey,

thank you =or the chance to visit you in your lovely Caribbean home. I arrived =ack in the Berlin winter.  
It was also very good to =alk to Barnaby; I find him to be incredibly insightful.

I am glad you liked the =Beauties". My father is an artist, living in Thuringia, and among other =hings, builds an ever-changing sculpture garden (see some of it below). =erhaps you should have one on Little Saint James! :)

Michael Vassar and =ichelle Reilly left me a message. They will be in Puerto Rico until =omorrow and would very much like to see you, but of course do not want =o impose themselves upon you. If you are still up for it, you can tell =hem:  
[redacted]

With kind regards!

Joscha
