In aircraft now with Jay and Eileen reviewing =potential" work scope. We need contract so that we have an =identified work scope and so that we

Can open a work order.

Lot of details that need to be discussed and =inalized.

Reviewing seats at the moment. Will you be keeping =owered lumbar switches in seats arms?

What are we doing about plating? We need to make a =ecision now- cant do it during second phase.

Your prompt reply is requested.

Best regards,

Eric
