Richard we will be finishing the openings recently =nstalled for the owner to use the home on June 2 we are trying to get =he exterior stucco and interior drywall completed at each of the =penings that are near complete.

Due to the nature =f the residence we treat the home with care, this takes a lot of time, =e set up full protection for each opening covering and protecting in =ll interior areas. also we have been working with framing =onditions that must be built to except the strap required for =nstallation and satisfy the inspector on each opening.

This leaves 6 openings =o be completed at this time.  
please see the =ictures attached if you have any questions please reply or =all.

Thank you for your business.

Kind Regards,

Scott Fullwood
