Rich

as discussed a quick update regarding Microwave Link

1. Future Tech still do not have a confirm date for the release of the new Radios  
They have indicated 15 Aug for possible delivery. Chris will try and get more information by tomorrow.
2. Centurylink NM can not confirm delivery date for Fiber Circuit.  
They also have indicated they may know more by close of day Friday

Please note Future Tech have released there new next week for another project.  
It makes no sense them coming out, no radios and no circuit.  
I will contact both parties at noon tomorrow for updates

any concerns let me know

regards.
