attached are costs from 2014 & 2015 which total approx =3,400 - i will assume 13,000 since jacksonville is further north than =BI

cost savings by =ending boat to FL are:
costs to ship tubes (est =,500) and
travel expense of installers (est =,500) estimated total of 4,000

appears to cost 9,000 =ore to ship boat to FL please advise on shipping =oat or tubes to FL from STT thank you
