Jeffrey-as u know, most of the items listed by you are in the works--initiated by me (not you) for the very reason you allude to....the need for ACCURATE records. Record keeping--in an office essentially run by you for 18 months by remote control--is a disaster. Sorry its taking more time to get it right than you would like...

With respect to my basic question--setting up a meeting to discuss "3rd rail" issues...this is abt my 8th request. I thgt a simple: "yes, let's do it" would suffice. I'll keep asking; you can keep deflecting....

first things first. -- accurate record keeping, books and tax must match. bank accts reconciled. . cash flow monitored.

As I suggested first thing should be an interactive chart of co. s docs directors holdings etc. paper first if need be, but

ACCURACY for tax is a must an example of what appears endemic.

,march14 instructions to liquidate bidco ,aug Im told that bidco was liquidated, dec im told did not happen. jan . be done shortly - as auditors request more info, repeatedly told. no bank accounts or transactions. . feb then find bank accounts. then wires . then loans or advances. still unknown , now only last week =march appears to own preferred stock, misleading letter to auditors.? still no documents. copies of govt filings?

Phaidon needs to be done . Its been weeks and as of today, no full info.

When you come back to ny, I wld like to spend some time with you (and maybe your white board) discussing 3rd rail issues in general, ie, if you're rooting for me to succeed--which I thoroughly believe--we're going to have to start doing this sooner rather than later. Thx, b

PS: if you'd prefer to start before u get back by phone, that obviously works too.
