Subject: FW: request for 2014 TPS report

On Friday, I am meetin= with Ava and EA on setting the date on Miriam's last day . Once the=role comes under the FO bookkeeper, we will get the TPS reports and have t=em reviewed timely. I don't think Miriam looks at the annual report much. That said, I think she only looks a= the weekly report that TPS produces.

No worries. We certainly understand the "I need it now!" issues which arise from time to time. Diana and Susan realized the urgency of this request and they both told me that they each asked IT to expedite producing and having a draft securely transmitted to Miriam's email. IT is currently in the process of producing and transmitting all final reports for all clients - so although in draft format, they will put this one on the top of the list. I'll email you tomorrow with an update tomorrow morning on status in the queue.

Let me check on this -- I was unaware of the request.
