Hi JE,

Just wanted to show you that we were featured on today on the site....(watch the video!) If you would buy these directly from us, I could give you a discount (but please don't publicize that). I know it sounds crazy to ask, having this in your home, as a showcase to others, would be such an honor. Please think about it and about meeting up on 15th to discuss the other (admittedly) more functional pieces we are rolling out if we can get 4 of these tables sold.

Hope you are well and look forward to seeing you soon. AO Play for me.
Thank you,

ps. I will be following up this email w/ either another that you could send around to any people you think might be interested or able to buy these.
