Since you guys are in Hawaii and we're here in the Cari=bean would you find it difficult?

Michael

This is there response.

=ike,

Not at all:) As you may know, we =o projects all over the world. Since everything is done electronical=y, we use a shared screen, via Skype calls to view work in progress....whi=h is as effective as being in person.

Michae= would want to come see the property and meet in person and can visit when=ver you wish, although even site inspections can be done via Facetime.

This works quite efficiently!

Feel free to let us know if you have any other questions.

Kind regards,
