- * BACKGROUND INVESTIGATIONS/DUE DILIGENCE – IMG provides a comprehensive analysis of a potential business partner, entity, investor, employee or individual, both domestically and abroad. This includes discovery of past criminal or civil litigation, SEC and NASD filings, tax and bank=uptcy filings, commercial liens, and intelligence from a network of international law enforcement associates.
- * SECURITY/EXECUTIVE PROTECTION – IMG performs a comprehensive analysis of a company's vulnerability to a range of threats: terrorist attack, natural disaster, workplace violence, theft and spying. IMG identifies and helps eliminate potential weaknesses, and consults on installation of security systems and counter-surveillance equipment. Under certain circumstances, IMG's analysis and findings can be used to determine whether a company's security measures can be taken as an IRS deduction.
- * LITIGATION SUPPORT - IMG provides a range of investigative and intelligence-gathering services on behalf of attorneys and their clients. IMG assists legal counsel in the discovery process by identifying and interviewing witnesses, locating assets, assessing net worth, and conducting background investigations and surveillance when appropriate. When investigating internal fraud, workplace violence, sexual harassment and discrimination cases, IMG works with companies to uncover early warning signs, creates an action and response plan, and helps deploy professional staff to assist and counsel employees in the aftermath of an incident. IMG's forensic accountants will review the financial and accounting=procedures at your company and conduct detailed interviews with management concerning operations and compliance. To help build cases, IMG conducts digital forensics to uncover infiltration or tampering with computer systems and electronic assets, and helps recover lost data and communications.
