hi dave dann= from lsj I had to replace O ring again have u gotten any feed back from f=ctory ??
the amount of water that is being used now I can't afford fo= this not working 100% I know when it was sized it was not
going to work so =ard but things change it's been about 10 times that o ring has been re=lace chr=ss is killing me when
it appears that it it's running because he's looking=at brine discharge but no water for his plants anyway I hope u got fix
thanks danny<=div>
